  - Invite children and families from your neighborhood *(we provide save the date cards & invitations)*
  - Start early with save the date cards
  - Be creative with invitations! *For Example: Invite children from your child's class at school, sports team, dance class, or if you have social media, make a post. You can also share in neighborhood groups.*
  - Put the PUC yard signs up early to advertise
- During the week of PUC provide:
  - A garden hose or two
  - A place to sign in, a table works great
  - A water cooler, 3 oz cups, and a trashcan
  - Pre-packaged snacks for kids *(chips, pretzels, popcorn, popsicles, goldfish, etc.)*
- Greet your guests and get to know the adults and children who attend
- Help gather guest information by helping them register using the QR code provided

*Think of it this way, if you were going to host a party, what would you do? You would provide a space for the party, provide drinks and snacks, and provide a purpose for that party (games, entertainment, etc.).*
